The Babbling Bruch

WOW! What a story teller. Those images Jesus uses really can cut deep when one takes time to reflect. The care of grape vines, according to archaeologists, goes back 4400 years before Christ, found in Armenia. As Jesus watched the vinedressers in his day, he would have seen them work much like they do today. The secret to lots of good grapes is in the pruning. There are two types of stems on the vines : one is the brown , woody vine that runs from the taproot upward and along a trellis. If tended properly, these vines can grow quite long and can live over a century. The second kind are the green, herbaceous stalks that shoot out rom the vine. They last only one or two seasons before they die off. These delicate stalks bear leaves and often produce fruit. Some however, because of poor sunlight or partially blocked joints, do not. Vinedressers prune off these non-fruiting stalks to direct the plant's energy into those branches that will produce both leaves and fruit. An overabundance of these non-fruiting stalks saps the plant of energy and reduces the size, abundance and quality of the fruit. Jesus is the vine. We are the branches. This is an active concept. It is not enough to draw life and energy from one's faith; a follower of Christ (a disciple) must also bear fruit.

Pruning in our lives is always painful - but, golly what a blessing that produces good, luscious fruit and the Kingdom of God. Those who draw life from the spirit of the risen Christ must use that power to give new life to others. How strong is your connection to the vine? How much of that energy do you use to give life to others?

Marriage Nullity Workshop to be held on Monday, May 14, 2018 at Holy Spirit Church (Greteman Center) in Carroll, Iowa. To register, contact Terri at the Tribunal, 712.233.7533 or terrin@scdiocese.org. The workshop is open to all, especially those who are divorced and desire to remarry in the Catholic Church.

To all Parishioners:
 If you or a family member or friend are admitted to the Boone Hospital or any hospital, please be sure to plainly state at the admitting of the person that they are "catholic" so that it will be on the admission records so the registration desk will know. It will be in the computer system, so the parish ministers can be told that a Catholic person is a patient at the hospital. Because of private records they can not tell us without the person's permission and that is how the patient "Gives Their Permission" for the Priests and Communion Ministers to come to them. You can also call the Church Office and let us know that we have a parishioner in a hospital and which hospital.
