**The Babbling Bruch**

The term *ascension* is susceptible to unintended comic imagery of Jesus waving good-bye from a balloon gondola or being lifted on a wire. Another unfortunate connotation is that heaven is somehow "up," while we are left down here. Perhaps such imagery does help us to imagine that in the resurrected Lord, God (heaven) and we (on earth) are united. Having become incarnate in Jesus, God is never only watching from some great distance. "I am with you until the end" are the simplest words, but the most profound. There is no need to stand looking at the sky with our jaws hanging open. For Christ is here, as close as our own breath, keeping us alive to carry his presence into our world.

**Campaign Update**

**Did you see???** The large "rose" window has been taken to Omaha for restoration! We have been told by the Lambrecht Glass Studio Crew that the window frame was in pretty bad shape. We have known for many years that this was the window that was not in good shape, so we are grateful that there were no mishaps with it! The wooden frame will be replaced by an aluminum frame that will withstand the years of wear and not rot away again. This will take quite a bit of time, so please, we ask that you be patient once again. The process of restoration is not a quick one, however the finished product is beautiful and worth the wait!

**Keep faith in the process!**
